SOUL AND BODY PART

Death of Gail Hamilton, the Great Authoress.

SKETCH OF HER BUSY CAREER.

One of the Country's Famous Women Gone. An Attack of Paralysis Sunday Morning the Immediate Cause—List of Her Literary Efforts, Which Shows What a Worker She Was.

HAMILTON, Mass., Aug. 18.—Gail Hamilton is dead. Miss Mary Abigail Dodge, writer, biographer and controversialist, widely known under the pen name of Gail Hamilton, was a native of the town in which she died, having been born in 1830. At the age of 10 years she went to Dr. Clark's private school in Cambridge. She was graduated from Iywick academy. In 1851 she went to Hartford as assistant in the Hartford high schools. She refused to take the customary examination, but was given the position without doing so. She was also instructor on physical science in this school for several years, and was subsequently governess in the family of Dr. Gamaliel Bailey of Washington, the editor of The National Era, to which paper she became a contributor.

In 1865-67, she was one of the editors of Our Young Folks, a magazine for children, published in Boston. From 1870 until a little over a year ago she had lived most of the time with her cousin, Mrs. James G. Blaine, in Washington. In course of this daily contact with the Blaine family, Miss Dodge was led into very close friendship with Mr. Blaine, and at the death of the latter, she became his literary executor, being in possession of all his papers and documents of value to her as his authorized biographer. She was engaged, as frequently as her health would permit, on Mr. Blaine's biography from the time of his death, until her illness of last year, and it is thought her untiring devotion to the work was instrumental in bringing about that prostration.

Since the illness, which came on so suddenly in the Blaine mansion in Washington, Miss Dodge has lived very quietly at her old home in Hamilton, Massachusetts.

Her strength has never rallied after that illness, so that she felt able to resume active work, and she was for weeks unable to see even intimate friends, but during that time she has been able to be driven about the town and to entertain in her old delightful manner, the friends who have called upon her. Her literary work during this time has been fragmentary, done by the help of amanuensis and a diversion, or when some current event has specially attracted her interest.

Gail Hamilton was a frequent contributor to prominent magazines, and her published works, written in a witty and aggressive style, consists largely of selections from her contributions. Her books include: "Country Living and Country Thinking," "Gala Days," "New Atmosphere and Stumbling Blocks," "Skirmishes and Sketches," "Red Letter Days in Applethorn and Summer Rest," "Wool Gathering," "Woman's Wrongs," "A Counter Irritant," "Battle of the Books," "Woman's Worth and Worthiness," "Little Folk Life," "Child World," "Twelve Miles From a Lemou," "Nursery Nothings," "Sermons for the Clergy," "First Love Is Best," "What Think Ye of Christ?" "Our Common School System," "Divine Guidance," "Memorial to Allen W. Dodge" and "Insuppressible Book."

In 1887 she wrote a series of letters on civil service reform for a New York paper. Letters on a wide range of public questions written for the Boston Journal were widely copied throughout the United States.

Miss Dodge's novel "First Love Is Best," had not been the success which attended some of her other works. During recent years she engaged in political writing, and many famous review articles and political "interviews" have been accredited to her which have roused much warm discussion and have exerted more or less influence upon national politics.

CALLERS AT CANTON.

Major McKinley's Formal Letter Looked For in a Week.

CANTON, O., Aug. 18.—Among the distinguished callers at McKinley's home last night were ex-Lieutenant Governor Stewart L. Woodford and wife of Brooklyn, Lieutenant John N. Boeum of the Third United States infantry, Fort Snelling Minn. He is on his way to join the English expedition against the Soudanese.

M. Leopold Brannery of Paris, now sojourning in Chicago, the noted sculptor, is here modeling a life size bust of Major McKinley. It is thought probable that Major McKinley will publish his formal letter of acceptance about Aug. 25.

NOW A FULL-FLEDGED JESUIT.

Thomas Ewing Sherman Takes His Final Vows in Detroit.

DETROIT, Aug. 18.—During the 6 o'clock mass at SS. Peter and Paul church Sunday, in the presence of a large congregation, the Rev. Thomas Ewing Sherman, son of the late General William T. Sherman, made his final vows of purity, chastity and obedience and was forever joined to the Jesuit order, where he entered in Maryland in 1878. The day was the feast of the assumption of the Virgin Mary, in honor of which the altars in the edifice were handsomely decorated and were resplendent with numerous lights.

STORMSWEEP.

St. Louis County Has Another Visitation. Property Destroyed.

ST. LOUIS, Aug. 18.—The midnight storm that raged for nearly two hours Saturday night blew a perfect gale in St. Louis county, and was followed by a cloudburst that swept away dwellings, drowned cattle and paralyzed two railroads by washing away miles of track, culverts and trestles.

The wind blew a perfect hurricane, uprooting and destroying hundreds of trees, unroofing houses and barns and destroying fences, cornfields and hay stacks, and the cloudburst that followed devastated a district a mile wide. The downpour was the heaviest ever seen in that section.

River des Peres was a seething, angry torrent. The water rose so suddenly and so rapidly that the occupants of many cottages in Brentwood and along Shady avenue, in Webster Grove, found it impossible to escape, and were compelled to seek safety in their attics and on their roofs, while the water flooded the lower floors.

Nearly 1,000 feet of track and road ballast of the Creve Coeur branch of the Missouri Pacific railroad were washed away.

Within the city limits the storm of Saturday night was very severe. Many people forsook their beds to prepare for any emergency, believing disaster was almost certain in the fierce gale.

DYNAMITE EXPLOSION.

Three Persons Killed Outright and a Score of Others Injured.

LANCASTER, Pa., Aug. 18.—A frightful disaster occurred in the borough of New Holland yesterday. A party of men in the employ of Pennsylvania Telephone company were starting out to work and had placed 100 pounds of dynamite in a wagon which was standing in the yard of C. G. Miller's hotel, when the dynamite exploded, killing three men, fatally injuring three others and seriously injuring a score of others.

Dead.

C. F. Cannon, F. Hammond and George Crossman.

The seriously injured are: Michael Wade, Frank Lewis of Lancaster, Philip Lawrence, Frank Peale, Davis Hoffman, John Conland, Joseph Heun, John White, Robert Shirk and Walter Fasig of New Holland.

Miller's hotel was completely shattered, his loss being over \$5,000. The loss to property in the borough is very large. The cause of the explosion is not known.

RIOTING

In Dublin During a Big Demonstration. Nationalists Use Spears.

BELFAST, Aug. 18.—Serious rioting occurred here yesterday in connection with the Nationalist manifestations in favor of granting amnesty to the Irish political prisoners. There were several processions of Nationalists through the streets as a beginning and they were finally merged into a large procession, headed by bandsmen, armed with spears. The procession soon attracted immense crowds of people and stone-throwing commenced.

This served to enrage the Nationalists, and the bandsmen attacked the crowd with their spears, wounding many people. The police charged the rioters and used their batons freely, with the result that several persons were hurt before order was restored. The rioting caused the greatest excitement throughout the city.

Kicked and Then Died.

KOKOMO, Ind., Aug. 18.—John E. Turkington, a prominent farmer, five miles west of here, is lying at the point of death. Last Saturday Mr. Turkington was doctoring a sick horse, when the animal turned and kicked him, inflicting injuries that may prove fatal. The horse, a valuable one, died in less than 15 minutes afterward.

Factories Resuming Work.

PARKER CITY, Ind., Aug. 18.—The two Woodbury glass factories and the A. Voight & Son furniture factory which closed down last Monday on account of the extreme heat, have resumed operations. It was the intention to remain closed until Sept. 1, but owing to a rush of orders, both factories had to resume. Seven hundred men are employed.

Sawmill Boiler Victims.

SALISBURY, N. C., Aug. 18.—At Troy yesterday the boiler of Taft's sawmill exploded killing five men and injuring four. Three of the killed are Charles Morris, Jim Capet, Samuel Ewing, all white. The names of the other two and four injured could not be learned as the news is very meagre. Three of the injured will die.

Embezzled \$12,000.

CHICAGO, Aug. 18.—Salo W. Roth, formerly a member of the city council, was arrested last night on a charge of embezzlement to the amount of \$12,000. The charge is preferred by the officers of the National Building and Loan association of which Roth was at one time secretary.

Cholera in Egypt.

CAIRO, Aug. 18.—The official cholera statistics show that during the past week there were 1091 deaths from the disease throughout Egypt. The total number of deaths since the outbreak of the scourge is 14,755.

He Deceived Widows.

NEW YORK, Aug. 18.—Henry C. Kimball, alias Harry F. Caville, wanted in Chicago, was arrested in Brooklyn yesterday. He was later held in \$5,000 bail and will be taken to Chicago.

WENT DOWN IN RUINS

While Razing a Building in Eau Claire, Wisconsin.

UNTIMELY FATE OF WORKMEN.

Walls of a Four-Story Building Suddenly Bulged and Fell Without Warning, Carrying Twenty Men to the Cellar and Burying Them in the Debris—Bodies of Two Not Recovered.

Eau Claire, Wis., Aug. 18.—Yesterday while a force of 25 workmen were engaged in tearing down Music Hall, a 4-story frame structure, the structure collapsed. Twenty-five men went down in the ruins. The dead and injured are:

The dead are:

Halvor Oleson, leaves wife and four children.

William Dean, contractor, body still in the ruins.

Nicholas Roach, body still in the ruins.

The injured:

John Thorson, crushed by falling timbers; can not live.

James Dean, buried under a mass of timbers; can not live.

Charles Agan, badly crushed.

Ole Solberg, seriously crushed.

John Larson, Gus Meyers, Ole Johnson, Brady Nedrum, H. B. Walters, William Berg, W. E. Evans, William Arnold, Bert Allen and Ludwig Berg.

Of the injured several may not recover. The workmen were on the upper floor and roof when the walls began to bulge and fell before any one could escape, except five who remained on the roof and were uninjured. The fire department at once began the work of rescue and all the dead and injured were taken from the ruins but Dean and Roach.

A few days ago a contract for tearing down the building was let to make room for a new structure. Yesterday afternoon at 4:30 o'clock, while 25 men were at work dismantling the south wall bulged without warning and while some of the laborers were on the roof, some in the basement and others on the second and third floors, they were caught and carried down in the general collapse. The crash was heard blocks away and sounded like a terrific explosion, attracting many thousand people. Five men who were on the roof scrambled to an opposite wall and perched there until taken down by the fire department which had been called out.

After the police had made a clearing and there was no further danger, the work of rescue began, the first body recovered being that of Halvor Oleson of this city. John Thorson of Little Black, Wis., was the next. He is lying at the hospital. He leaves a wife and children. James Dean of Eau Claire was next found buried under tons of timber and stone. He was taken to the hospital. His recovery is doubtful.

Dean is a contractor and prominent citizen. Both he and Roach have families. Part of the front wall is still standing, but is liable to collapse. The building had been occupied until recently, and though old, had been considered safe. The taking away of the partitions and supports in the interior weakened it and caused the accident.

At midnight four men who came from Superior and were at work on the building, are reported to be missing and are believed to be in the ruins. Their names are not known.

STABBED BY AN ATTORNEY.

Frank S. Rothacher Fatally Wounded by Charles Lundey.

CINCINNATI, Aug. 18.—Frank S. Rothacher of Cleveland, brother of Dr. Rothacher, who was buried here last Thursday, and who came here to attend his brother's funeral, was reported to be dying at the Cincinnati hospital at 2 o'clock yesterday morning from a knife wound in the abdomen. He was found in the street at midnight at the head of the Mount Auburn inclined plane and taken to the hospital. Before becoming unconscious, he said that he had had a quarrel with Attorney Charles Lundey, and that Lundey had stabbed him. Early in the morning Lundey was arrested at his house, not far from which Rothacher was found. In front of the house was Charles Rothacher of New York, a brother of the injured man. He was abusing Lundey, and was also arrested.

Lundey said he acted in self-defense, that the two Rothachers had abused him on the streetcar until he left his seat and went to the platform. He got off at his street and they followed and attacked him and knocked him down. Then he used his knife in self-defense. He said Rothacher had had a grudge against him ever since he defended him in a divorce suit which was compromised.

Minister Steel Acquitted.

NASHVILLE, Aug. 18.—The trial of Rev. Dr. S. A. Steel, editor of the Epworth Era, before a committee of ministers, upon charges preferred by the book committee of the Methodist Episcopal church south, was concluded last night and resulted in a victory for the accused and a verdict of acquittal. The trial has been in progress for four days and created great interest in all circles.

St. Louis Merchant Snatched.

ST. LOUIS, Aug. 18.—Martin D. Barnes, a prominent commission merchant, committed suicide last evening by taking a dose of strychnine at his home. An ambulance was called and the dying man taken to the city hospital. While on the way he expired. No cause is known for the deed.

1895 SILVER STATISTICS.

Treasury Department Gives the Figures For 21 Countries.

WASHINGTON, Aug. 18.—From official information received by the treasury department from 21 countries, the coinage of silver during the calendar year 1895 amounted in the aggregate to \$113,672,200. Of this sum \$13,603,200 was recoinage; deducting this sum from the total coinage, gives the coinage of silver from new bullion in 1895 as \$100,069,000.

The country coinage the largest amount of silver in 1895 was Mexico, with a coinage of \$24,832,350; followed closely by Japan, with a coinage of \$23,583,500; next comes China, with \$8,253,340; Spain, \$7,969,500; Great Britain, \$5,821,151; United States, \$5,698,000; Austria-Hungary, \$5,299,000; Peru, \$4,073,000; Russia, \$3,554,000; Ecuador, \$2,500,000; Germany, \$1,826,000.

The silver coinage executed by Great Britain during the year for her colonies was: For Canada, \$1,158,630; for Hong Kong, \$2,200,000; for straits settlements, \$450,500, a total of \$3,809,130.

France coined for Indo-China, \$6,092,000 in silver and for Morocco, \$354,600.

During the year 1895 the United States received the largest amount of silver, viz: \$4,550,000, followed by Austria-Hungary with a recoinage of \$3,318,500; England, \$2,160,000; Germany, \$1,836,000; Russia, \$612,500; India, \$184,500.

From Jan. 1 to Aug. 1, 1895, the coinage of silver dollars by the mints of the United States was \$5,562,112, while the coinage of silver dollars from 1792 to 1873, aggregated \$4,031,238 only.

The world's product of silver during the calendar year 1895 is estimated to have been \$226,000,000. The amount of new bullion used in the coinage so far as known was \$100,069,000, and from reports received from 12 countries, the amount used in the industrial arts was \$42,000,000, while the exports to the east amounted to \$37,500,000, making the total disposition of the world's silver product for 1895, so far as known, \$179,569,000, which would leave \$46,430,000 for coinage and use in the arts by the countries from which no reports have been received.

COLORED BASE BALL.

A Close Decision Results in the Death of Two and Wounding of Four Players.

HELENA, Ark., Aug. 18.—A game of base ball played at Popular grove Sunday between colored teams for a stake of five dollars, broke up in a pitched battle between the opposing nines in which two boys were fatally shot and four others more or less wounded. Negro boys from the Polk and the Lowdy plantations constituted the opposing teams. William Griffin, the umpire and an adherent of the Polk side held the stakes. In the third inning Griffin gave the Lowdy team the hot end of a close decision and the aggrieved team, led by Israel Tate, made a rush for the umpire and his son who was acting as official scorer.

The umpire was prepared for the attack, however. He opened a valise and passed pistols to members of the Polk team and the battle began. Israel Tate was the only man on the Lowdy team that had a gun but he did effective work. He emptied his pistol into the Polk team, reloaded and emptied it again. He is credited with having shot four men.

"DETECTIVE" SEWARD ARRESTED. The Man Who Figured in Scott Jackson's Trial.

CINCINNATI, Aug. 18.—John Seward, a detective, was brought to Newport, Ky., yesterday, under arrest for subornation of perjury in the trials of Jackson and Walling. Seward was indicted for introducing William Trusty and Carrie Evans as witnesses, whom he had rehearsed, to prove that Pearl Bryan was found dead on the other side of the river. When his witnesses were broken down Seward escaped, and the officers have been hunting him several months.

Fearful of Frost.

OMAHA, Aug. 18.—As a result of severe rain and hailstorms throughout Nebraska and adjacent states the thermometer has fallen 40 degrees in the past 48 hours. It stands at 60 in Nebraska and fears are entertained that frost will result. It is quite cloudy in the eastern portion, and this is believed to be the only thing to prevent damaging frost. Corn, however, is two weeks in advance of the season.

Strike Against Reduction.

MANISIELE, Mich., Aug. 18.—The two mills, salt, block and lumber yard of the Peters Salt and Lumber company, are shut down on account of a strike, throwing 500 men out of employment. The firm notified the men payday, the 15th, of a 10 per cent reduction in wages. Yesterday enough did not come to work to operate the mills in full, so they did not attempt to run.

Boys' Bodies Mangled.

WINCHESTER, Ky., Aug. 18.—At Alleville, 10 miles south of here, a boiler in the harvest field of Dr. Sid Allen exploded yesterday, killing four boys: Dallas Haggard, aged 12; Travis Haggard, 14; Willie Berryman, 17, and Alex Turpin, 14. The boys were working near the engine and all were instantly killed, parts of the boiler horribly mangled their bodies.

A Decrease in Earnings.

NEW YORK, Aug. 18.—The annual report of the Manhattan Electric Railroad company shows a decrease of \$253,639 in net earnings, and an increase in deficit of \$399,950.

NEW YORK FUNERALS

Startling Facts Regarding the Deaths From Heat.

HEARSE HAD TO BE BORROWED.

Four Hundred and Sixty Burials in New York Sunday and Two Hundred in Brooklyn Makes That the Red Letter Day for Funerals in the East—Twice as Many Men as Women.

NEW YORK, Aug. 18.—There were 460 funerals in this city Sunday, and over 200 citizens of Brooklyn were buried.

Undertakers said on Saturday the funerals of Sunday would be more numerous than those of any day of the last week, and that meant more numerous than on any day in the history of this city. They were right. Yesterday surpassed Friday as a day of funerals, but not by a large number. Friday, Saturday and Sunday saw more burials than any seven days of which cemetery book-keepers can find record.

Those are startling facts, but these further facts are as notable: The number of the children among the dead has never, in the hottest week of the year, been so small as last week; neither has the hottest week of any year seen so few burials of aged persons. The average of the persons interred in three principal cemeteries was 47 years. There were nearly twice as many men as women buried.

That is how the heat plague of August, 1896, chose its victims.

Of the 1,810 persons who died in this city last week nearly 500 died Thursday night, Friday and Saturday.

Because of the difficulty of securing caskets, hearses and carriages, or even undertakers' services, beyond the simplest and most necessary, nearly all the funerals for that period were delayed until yesterday and many of the dead of the previous days were retained in undertakers' rooms until yesterday, so that their friends might pay them the last honor.

There were 36 hearses borrowed from adjoining towns in New Jersey and 12 from Philadelphia for yesterday, and several New York undertakers, whose rush was over, loaned hearses to Brooklyn friends. Other hearses were added to Brooklyn's supply from Long Island towns and there were nearly one-fourth of the week's 876 dead in that city still unburied.

SHOWER OF BURNING DROPS.

A Brilliant Spectacle in an Oil Field Witnessed by Thousands.

SISTERVILLE, W. Va., Aug. 18.—The Ogden oil fields was the scene Sunday night of the most brilliant spectacle ever witnessed in this country. The famous Newbanks oil well, which is also a strong producer of gas, took fire through accident, burning the derrick and several thousands of barrels of oil. When the pressure was reduced at the mouth of the well the gas broke the spouting oil into sprays, throwing it into the air more than 100 feet. The flame is in the shape of a huge torch, the spraying oil forming into glistening drops in the air and dropping in a dazzling shower, while the smoke, densely black, is lifted way above the mountain. The hills for miles around were covered with sight-seers, who came from all over the region. The loss to the owners is enormous as the well was producing 200 barrels a day. There is no way to put out the fire, as the gas and oil pressure are constant and the roaring heat of the flames terrific.

THE RUSH OF A PRISONER.

He Jumps From a Train, Dragging the Sheriff With Him.

ZIONVILLE, Ind., Aug. 18.—Ray Rockford of Minneapolis, who burglarized several houses in this vicinity and was captured at Muncie, was brought here Saturday afternoon for preliminary trial, but the witnesses had gone to Lebanon. Sheriff Hull and his prisoner boarded a freight train for the same place. En route Rockford made a desperate effort to escape, jumping from the caboose when the train was running 25 miles an hour, and dragging the sheriff with him. The sheriff suffered a sprained ankle, and his hold on his prisoner was broken, but he managed to hobble to a village and sound an alarm. Forty men engaged in a pursuit, and Rockford was finally rounded up in a cornfield and recaptured. The sheriff is confined to his room by his injuries.

Santa Fe Payroll Increases.

KANSAS CITY, Aug. 18.—Saturday was the monthly payday of the Santa Fe railway and the local distribution of checks was the greatest it has been in more than three years, 840 employees received an aggregate of nearly \$50,000. This increase in the payroll was the result of the heavy grain and stock movement last month. Nearly every employee on the road, with the exception of office men, drew extra time.

Wants Indemnity For Lynching.

WASHINGTON, Aug. 18.—Baron Fava, the Italian minister, had a long interview with Acting Secretary Rockhill yesterday regarding the lynching of the Italians at New Orleans. The baron supplemented his note sent some days ago, and urged that speedy steps be taken to secure the punishment of the lynchers, and that redress be made to the families of the men killed.

Devaney Out of Prison.

LONDON, Aug. 18.—Thomas Devaney, the Irish political prisoner, was released from Portland prison yesterday.

The "gold bugs" of Wall street conspired to "break up" Mr. Bryan when he was making his speech of acceptance last week, but they didn't succeed. Bryan's all right.

KENTUCKY now has two Republican daily papers, the Frankfort Capital and the Lexington Leader.—Frankfort Capital.

Well! It seems they don't recognize the Public Ledger as one of 'em since it went back on their party nominee a year or so ago.

A few years ago, when defeated for the gubernatorial nomination, Colonel C. F. Clay, Jr., of Bourbon County, said:

"Parties cannot exist unless the minority submit to the majority. I think the Democratic party is formed for greater purposes, and that any Democrat is unpatriotic and unfaithful to his fellow-Democrats and unfaithful to the true friends who have stood by him, who will not give cordial support to the party when he is defeated."

What must be thought of Mr. Clay now? He is one of the bolto-crats.

HURRAH FOR OUR SIDE.

MAVSVILLE, Ky., Aug. 15.—(Special.)—A good crowd of Democrats are gathering for the convention to be held in this city by the old-line, or Cleveland Democracy. Buckner will be endorsed.

This appeared in last Saturday's issue of the Louisville Post. It sounds very much like it was written up in the office of that paper.

BISHOP MCGOVERN ON FREE SILVER.

Bonke Cochran is now opposed to free silver. At Chicago in 1892, Cochran was willing to support Senator Daniels to defeat Cleveland, notwithstanding Daniels was a silverite. Cochran has seen the glitter of Wall street's gold. In commenting on Cochran's sudden change, an exchange says:

Bishop McGovern, the Catholic head of the diocese of Harrisburg, is probably as good a judge as Lawyer Bourke Cochran of what constitutes public or private morality. He is one of the same church as the New Yorker. The Bishop, referring to silver in a recent interview, declared his opinion that the program marked out by Mr. Bryan on the silver question would benefit the farmers of the West and the tilling masses of the land generally. The Western farmers, he said, are now paying 10 to 15 per cent. for money. Many of these people have bought land for \$5,000 on which they have paid \$3,000. They are paying 10 to 15 per cent. on the mortgage of \$2,000, which is now only the actual value of the property. The result is that in a short time the farmers will lose their property and be driven from their homes, like the tenant farmers of Ireland, and lose all the money they have paid on it."

LET WORKINGMEN READ.

Snead & Co., operators of iron works at Louisville, announced a cut in the wages of their employes last week, and gave as a reason the free silver agitation. A heated response has been made by Iron Molders' Union No. 16. The union says that two years ago this firm led the reduction in wages, and at that time gave it out that it was caused by tariff agitation. Despite the alleged hard times and the various "agitations," costly improvements have been made at the works. The charge is made, in answer to the statement by Mr. Snead that his employes were old friends with identical interests, that last year he went abroad and tried to engage Scotch molders to come to this country and take the place of these "old friends." While other foundries last year restored the reduction in wages made the year before, Snead & Co. pay the same, although last fall the works were run night and day to fill orders. At the present time the foundry department men are expected to work overtime and receive no extra compensation. The claim made that the firm cannot expect to compete with other firms is denounced as absolutely untruthful, as the Snead workmen get 20 per cent. less wages. The union closes its reply with assertion that the recent reduction was simply due to the greed of the firm and not to any fear of free silver.

THE BOLTO-CRATS ARE THE MILLIONAIRES.

Below we give a clipping from the Twentieth Century, published in New York City, in which you find the names of some of the Democratic millionaires, who are going over to the gold bugs. The men are the champions of sound money, and the cause of labor. Read it carefully. The Century says:

"The men who are bolting the nomination of Bryan are attracting a great deal of attention, owing to the vast noise they make. These men are worth considering. They are all rich. We append a list of the principal bolters, with a statement of their worth:

William C. Whitney, street..... \$20,000,000
John D. Crimmins, cable car magnate..... 10,000,000
D. O. Mills, real estate and stocks..... 20,000,000
Ferry Belmont, Rothschild's agent..... 5,000,000
Abraham S. Hewitt, real estate and iron..... 7,000,000
Frederick R. Clondert, corporation lawyer..... 3,000,000
J. Edward Simmons, bank president..... 5,000,000
Roswell P. Flower, land and bonds..... 6,000,000
George G. Williams, bank president..... 6,000,000
Wheeler H. Peckman, corporation lawyer..... 3,000,000

These are a few of the New Yorkers who are making the most noise. There are hosts of others, as any one can see by taking up a bolting manifesto and reading the signatures. Then there are millionaires of other eastern States. One never sees the name of a poor man or a wage-earner in the list of bolters. Now consider the bolting newspapers:

New York Herald, owned by James Gordon Bennett, worth \$20,000,000. Advertising patrons are millionaire trusts, insurance companies and small professional seekers of work from plutocrats.

New York Sun, lately passed under the control of D. O. Mills, who is worth \$20,000,000.

New York Times, a moribund sheet, now trying to get picked up by Wall street men.

Philadelphia Record, owned by W. S. Singerly, worth \$5,000,000, and national bank President.

Philadelphia Times, a stock company, owned by members of the Philadelphia Stock Exchange.

A TREACHEROUS METAL.

Here is what Hon. John J. Ingalls, Republican ex-United States Senator from Kansas, thinks of gold:

No people, in a great emergency, ever found a faithful ally in gold. It is the most cowardly and treacherous of all metals. It makes no treaty that it does not break; it has no friend it does not betray. Armies and navies are not maintained by gold. In times of panic and calamity, shipwreck and disaster, it becomes the agent and minister of ruin. No nation ever fought a great war by the aid of gold; on the contrary, in the crisis of the greatest peril it becomes an enemy more potent than the foe in the field, but when the battle has been won and peace secured, gold reappears and claims the fruits of victory.

Old People.

Old people who require medicine to regulate the bowels and kidneys will find the true remedy in Electric Bitters. This medicine does not stimulate and contains no whisky nor other intoxicant, but acts as a tonic and alterative. It acts mildly on the stomach and bowels, adding strength and giving tone to the organs, thereby aiding nature in the performance of the functions. Electric Bitters is an excellent appetizer and aids digestion. Old people find it just exactly what they need. Price fifty cents per bottle at J. James Wood's drug store.

Merit Talks

"Merit talks" the intrinsic value of Hood's Sarsaparilla. Merit in medicine means the power to cure. Hood's Sarsaparilla possesses actual and unequalled curative power and therefore it has true merit. When you buy Hood's Sarsaparilla, and take it according to directions, to purify your blood, or cure any of the many blood diseases, you are morally certain to receive benefit. The power to cure is there. You are not trying an experiment. It will make your blood pure, rich and nourishing, and thus drive out the germs of disease, strengthen the nerves and build up the whole system.

Hood's Sarsaparilla

Is the best, in fact—the One True Blood Purifier. Prepared only by C. I. Hood & Co., Lowell, Mass.

Hood's Pills Do not purge, pain or gripe. All druggists. 25c.

THREE persons took part in the bolto-crats' convention at Vaneburg.

Mr. W. H. RYDER, dealer in paints, wall paper, &c., has moved into the K. of P. building opposite the opera house.

WILLIAM HUGHES, a relative of Mr. Joseph F. Thompson, of this city, who visited here last spring, died a few days ago at Kansas City. His remains were interred at Warren, Mass.

PORTSMOUTH TIMES: "A prominent Republican of Wheeling, one of her leading business men, will vote for Bryan. He also offers to bet \$5,000 to \$15,000 that Bryan will carry West Virginia."

THE Courier-National did have an account of the "National" Democratic convention held here Saturday. The special was not in the early paper received by the BULLETIN, but appeared in a later edition.

It was Mr. William Hancock who attended the National Democratic convention last Saturday and not Mr. Thomas Hancock as stated yesterday. The latter is a true blue, and will vote for Bryan, Sewall and Thomas.

MR. CHARLES PRIST met with a painful accident while assisting Mr. W. H. Ryder in moving to his new place of business this morning. A large pane of glass fell and struck him on the head, splitting open one of his ears.

JACOB WHITE, a member of Lexington's Centenarian Club, was buried Sunday afternoon by the Oddfellows. The deceased was ninety years old, and for sixty years had been a member in good standing of the Friendship Lodge, No. 5, I. O. O. F., of that city.

FRANK ROBINSON, the colored man who attempted to kill Belle Hintz, colored, Saturday night, was given a hearing in the Police Court Monday, and was held to answer the charge at the next term of the Circuit Court, in the sum of \$500. He struck the woman a terrible blow on the head with a piece of plank, rendering her unconscious for some time.

Be Sure You Are Right

And then go ahead. If your blood is impure, your appetite falling, your nerves weak, you may be sure that Hood's Sarsaparilla is what you need. Then take no substitute. Insist upon Hood's and only Hood's. This is the medicine which has the largest sales in the world. Hood's Sarsaparilla is the One True Blood Purifier.

Hood's Pills are prompt, efficient, always reliable, easy to take, easy to operate.

Coal.

Just received, a fresh-mined barge of the celebrated Raymond Coal, the best semi-cannel coal ever sold in this market. Its merit is attested by the fact that others have tried to handle it but could not buy it, and another coal is sold by a similar name, but it cannot be counterfeited, and is sold only by J. H. DODSON.

Will Vote For Bryan, Sewall and Thomas.

Mr. Thomas Downing is one of the delegates appointed by Saturday's convention to the approaching "National" Democratic convention in Louisville.

Mr. Downing authorizes the BULLETIN to say that he is not a "gold bug" Democrat, and that he will vote for Bryan, Sewall and Thomas and all other good Democrats next November.

A Household Treasure.

D. W. Fuller, of Canajoharie, N. Y., says that he always keeps Dr. King's New Discovery in the house and his family has always found the very best results follow its use; that he would not be without it, if procurable. G. A. Dykeman, druggist, Catskill, N. Y., says that Dr. King's New Discovery is undoubtedly the best Cough remedy; that he has used it in his family for eight years, and it has never failed to do all that is claimed for it. Why not try a remedy so long tried and tested? Trial bottles free at J. James Wood's drug store. Regular size 50c and \$1.

No Misrepresentation!

Our published statements are unvarnished facts. We invite our public to compare our advertisements with our merchandise at all times. Here are some August attractions for economy lovers:

The Sun Umbrella.—Wet or dry; it's as good for one as the other, and the price will quickly put your old umbrella in the closet, for you will buy one of these if you see them. Full twenty-six inches in size, made of fine Gloria silk, best Paragon frame, natural wood handles, and only 100.

Scissors.—Fine polished steel in six different sizes. Each pair put up in handsome kid sheath, metallic tipped. Choice of any size, 50c; and we think you will say they are worth double.

That Skirt Binding.—You have bought all kinds, but not one has proved absolutely satisfactory. Now the first time your skirt needs binding we want you to try Feder's Brush Skirt Protector. Its every thread is satisfactory. It does nothing but protect. Wouldn't know how to wear out. It's entirely new and supplies a need every woman has felt. Its cost is no greater than the old kinds, 9c. a yard, and its worth and wear is double.

Remnants.—A nice choice still in Wash Goods, Wools and Silks. Prices cut to half, sometimes less. Look them through. If you don't find what you want, there will be no importunities to buy.

MAYSVILLE IN THE LEAD.

Lexington Takes a Drop While the Locals Move Up.—Paris Plays a Poor Game.

Maysville defeated Paris Monday by a lop-sided score. At the wind up, 14 to 4 is the way it read.

The locals won simply because they put up a better article of ball. It wouldn't have been so much their way, however, had the visitors given their pitcher anything like fair support.

Best was in the box for Paris, and made a splendid showing considering the rocky support he received. The miserable work of the visitors' infield was enough to dishearten any pitcher. Several of the Bourbonites certainly had an "off" day, and one of them accounted for it by saying no team could play ball after taking a ride over such a railroad as the one on which they had just been traveling. "A poor excuse is better than none at all."

Newton pitched for the locals, and was almost invincible except in the second inning. He was touched up pretty lively in the second, Nye, Rieman, Clark and Schroeder hitting safely for singles. As is generally the case when a pitcher is being hit, some of his fielders showed up with errors, and these hits and errors netted Paris four runs. Things looked a little scary, but Newton settled right down to business as if no one had ever gotten a hit off of his delivery. He showed his pluck and fine work by holding his opponents down to three hits in the remaining seven innings. He was a little off in fielding his position, but the errors charged against him were excusable.

Maysville's outfield did some great work. Wadsworth made a sensational running catch of the first ball hit by Paris. He came in at full speed and got the ball not a foot from the ground. In the seventh he made a great throw from center right into Kellner's hands at the plate, nailing Heilman and retiring the side. Cox made a wonderful catch of a long drive from Glenn in the sixth. It was hit to right center, and he had a hard run to get over to it, but he got there and got the ball while he was going at full speed. Honeyman had four chances in left and accepted all of them. Tanner, the first man up, got his base on

balls, stole second, went to third on Cox's sacrifice, and scored on Kellner's single. A wild pitch and a passed ball allowed Kellner to score. In the fourth, Sutherland reached first on an error at short. Honeyman walked. Best fumbled Lautenbach's hit, and when he did throw to first Clark dropped the ball and the bases were full. Wadsworth followed with a single too hot for Glenn to handle, and Sutherland and Honeyman scored. Maysville added three more in the fifth. Cox singled, and as he started to steal second, Curle singled to right and Ben went to third. Schrahl had the ball by this time, but Ben kept right on and set the crowd wild by his daring steal home. Best threw to catch Cox, but was too late, and Matthews to make matters worse let the ball pass him, and Curle came in. In the sixth, Tanner singled, went to second on a balk by Best, and scored on a nice single by Cox. In the seventh, singles by Tanner and Sutherland, errors at third, second and short, and a hit by pitched ball netted Maysville six more runs.

Mt. Sterling defeated Lexington Monday, by a score of six to three, thus knocking them out of first place. Maysville's victory puts her in the lead,

and the boys should now play every game at all points and stay there.

The following is the standing of the clubs to-day:

Lautenbach is playing a fine game at short.

Heilman was presented with a boquet the first time he was at bat, and struck out. He is not playing up to his '95 form. His errors were costly.

Rieman and Tenley will likely be the battery for Paris this afternoon. If Rieman doesn't pitch Gastright will be in the box.

The Mt. Sterlings play here Thursday and Friday afternoon. They have been strengthened lately and defeated Paris and Lexington in the last games played.

Captain Tanner played in his old time form Monday. He worked best for first base on balls twice, got two nice singles and played second as it ought to be played. Keep it up, Cap.

"Punch" Kellner is one of the greatest backstops in the business. Although suffering from a very sore finger and also from a boil on his knee he has continued at his post right along and has been doing fine work. In the Louisville game his backstopping was far superior to that of the League catcher. "Punch" is not only a catcher but he is a hard hitter and a good runner, and is one of the steadiest and most reliable players Maysville ever had.

By taking the C. and O. route you can visit them all. For further information apply to ticket agent C. and O. Railway.

A business man is not the most patient creature in the world. He cannot wait to hear any long-drawn-out story of the cause of his ailment. He doesn't care two straws about a fine spun theory of how he should treat himself. He may be predisposed to scrofula, or consumption. "That," he will tell you, "has nothing to do with the case." He wants to be well. If he can be cured, write out a prescription and send in your bill. So, here's the first part of the proposition. Dr. Pierce's Golden Medical Discovery is a microbe hunter and killer. Many persons of scrofulous blood, encourage the breaking out of unsightly sores, to prevent the disease going to the lungs. There is no need of this state of dread and discomfort. Purify the blood. It can be done. "Golden Medical Discovery" will cure 98 per cent. of all consumptive cases, also of all other lingering bronchial, throat and lung diseases.

GERMANTOWN.

Frank Smith, of Johnson Station, is visiting here.

Elder Bullock preached at the Christian Church Sunday.

Miss Lillie Pogue is at her home at Evan Lloyd's to spend a vacation from teaching.

Mr. T. G. McKinney has two fine horses belonging to W. W. Baldwin in training for the fair.

Mrs. Grimes, of Fleming, with her little niece, Miss Fannie Williams, is visiting Mrs. Fowler and daughters.

Miss Nellie Arnold, of Carrollton, Ky., will spend several weeks the guest of Miss Daisy Pollock and other relatives. She is the granddaughter of Brian Coburn, in his early life a young man of our community.

There was not a big crowd at the picnic, but those who were there had a delightful time. The dinner that was served in the hall by the good sisters would have done honor to a wedding feast. It was abundant, served in splendid order and of the choicest quality. If you don't believe me, just ask Bro. Cook.

Rev. Cook will preach the closing sermon of his four years work on the first Sunday in September. He just "went for" his poor wayward members on Sunday who attend a game of base ball occasionally. As he has been a pretty clever fellow, a good pastor, a true singer, and we rather like him and his family, we will have to forgive him for this offense.

With these few items will have to bid you and your readers good-by for a while, but will try and leave a good substitute. In the mean time you'll be glad to hear from any of your readers who see proper to write me at Petoskey, Mich. Begin with Thursday's number you will please send me the Daily until ordered to stop. You can't imagine how much our Kentucky company from this part of the State are delighted with the little visitor.

SPRINGDALE.

Miss Annie Dean is quite sick at the home of her father, David Dean.

Charles and James Vawter attended the protracted meeting at Eastfork Church Sunday.

Mrs. Sarah Dean, who was adjudged insane a short time back, but who got better and was not sent to the asylum, became insane a few days ago and left home. After wandering around for a few days she returned almost a raving maniac. It required several men to catch and tie her.

"Pap," said an enthusiastic young G. O. P. disciple, "will President McKinley give me and Bill both a cabinet position?" But the wiser sire said, "Me, may not get there." "Oh! yes he will," said the son, "don't you see that even the moon has a more golden hue." Then the father took the son in his arms and hushed him to sleep.

When Baby was sick, we gave her Castoria.

When she was a Child, she cried for Castoria.

When she became Miss, she clung to Castoria.

When she had Children, she gave them Castoria.

LI HUNG CHANG

Will Be Entertained Right Royally When He Reaches This Country.

WASHINGTON, Aug. 18. — President Cleveland has determined not to make any extensive program for Li Hung Chang's entertainment in the United States until that diplomat can be consulted personally in regard to it. The only details that the president is now concerning himself with are those in regard to Li's coming reception on Governor's island. These will be settled within the next 10 days, and orders will be issued so as to have everything in readiness on the day the St. Louis bearing her distinguished passenger arrives in the harbor of New York. After the reception Li will be consulted as to his plans.

From reports which have reached the Chinese legation it is expected that some New York organizations will desire to entertain Li. When this entertainment has been concluded he will go to Philadelphia, where he will be the guest of John Russell Young. From there he will come to Washington, where preparations are being made for his arrival and stay.

The viceroy will be afforded every opportunity to see Washington. He is expected to visit the Capitol and all the public buildings, and such of the diplomats as may be here will extend to him the hospitality of their homes. It is understood that the Chinese legation intends to fete Li royally during his stay in this city.

YELLOW FEVER AND SMALLPOX.

Havana Suffers From the Double Scourge on Account of Sanitary Conditions.

NEW YORK, Aug. 18.—Health Officer Alvah H. Doty of this city returned from Havana, Cuba, yesterday. He spent only two days in Havana because he found on arrival that it would be impossible for him to reach either Santiago or Cienfuegos, where he says there are alarming outbreaks of smallpox. He found that there was a great deal of yellow fever and smallpox in Havana and the surrounding country. The sanitary conditions are terrible.

The whole city's sewage, he says, is emptied into the bay of Havana and the tide is not sufficient to carry it to sea. Consequently the bay is, he says, a constant breeder of yellow fever, especially around the Rigua docks and military hospital.

There were 300 cases of yellow fever and 100 deaths reported from the military hospital during the two weeks previous to Dr. Doty's visit. He is confident that the condition of the city of Havana is much worse than in ordinary summers, as the presence of unacclimated soldiers has a very bad effect.

Believed Incendiaries.

LOWELL, Mass., Aug. 18.—Fire destroyed the magnificent residence of Millionaire Frederick Faulkner, in Belvidere, at an early hour this morning. Mr. Faulkner is the senior member of the firm of the Faulkner Manufacturing company's woolen mills. The loss is \$100,000, insurance about \$50,000. It is believed incendiaries are responsible as the family is absent from the city.

Enloe Defeated.

NASAVILLE, Aug. 18.—T. W. Sims was last night declared the Democratic nominee in the Eighth district by the congressional committee upon a canvass of the returns of the primary election recently held. His opponent was ex-Congressman B. A. Enloe.

Painters Will Not Strike.

NEW YORK, Aug. 18.—The German Painters' union, which has 2,000 members, voted last night not to go on a strike as had been expected they would do.

Syrup of Figs

Gladness Comes

With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only, and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, then laxatives or other remedies are not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, then one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.

A GOOD THING

The wide-awake merchant never loses an opportunity to increase the number of his customers. He's out for business at all times. Experience has demonstrated that if you wish to reach the people you must advertise.

An Ad. In the BULLETIN.

If you wish to let the people of this city and surrounding country know what you have to sell, advertise in the BULLETIN. There's nothing better than the Bulletin through which to talk to them of the bargains you offer.
